*proud to be a Caudalie Vinospa
the finest face & body products from the vineyards of Bordeaux*

Caudalie was founded in 1995 when Mathilde and Bertrand Thomas, the founders of Caudalie, had a chance encounter with Dr. Vercauteren, professor at the university pharmacy, Bordeaux, and the world's leading expert on grape and grapevine polyphenols. On the vineyards of the Château Smith haut Lafitte in Bordeaux, the professor noticed the leftover skins and seeds of the grapes from the harvest and explained to the couple that the polyphenols in the grape and grapevines had extraordinary anti-oxidant powers and that grape seed is the most powerful antioxidant created by nature. Caudalie's technology and innovation have made them one of the world's top skincare brands, whilst uniquely remaining a 100% independent family owned business and we have the pleasure to use them in our spa.
