JENNA & THE TEAM

Founder Jenna and the team are specialists in hair, makeup and spa treatments

WITH over 15 year experience in the bridal industry, Jenna and her team know exactly what they are doing when it comes to looking after brides on and before their wedding day.

When the spa opened 5 years ago Jenna decided to exclusively serve Wyresdale brides offering a full wrap around service, all year round.

This isn't just hair and makeup on the morning of your wedding. This is skin and haircare prep trials, hair and makeup trials as well as facials, massages, spray tans and nails to get you ready for your special day.

Having made the decision to work solely with the Wyresdale wedding team our close knit relationship with Wyresdale and the family of suppliers means each stage offers a seamless transition.

The Process

Step one, get in touch! After this we will guide you through your options and get you booked in.

We will talk you through -
+ skin and hair care prep trials
+ hair and makeup trials
+ spa packages the night before
+ the all important on the day booking
+ the morning after treatments

BOOKINGS & PAYMENTS

Once you have decided what services you would like to go ahead and book you will receive an invoice for the total amount of on the day and trial bookings. To secure your date we ask for a 50% deposit the final balance payment isn't due until 8 weeks before your big day.

Wrap around treatments in the spa for the day before & morning after we ask for full payment on booking, this is our standard spa terms. But don't worry, we appreciate it is an expensive time and if you would like to set up a payment plan this can be arranged. With final payments due 8 weeks before you arrive.

TURNING YOUR DREAMS INTO REALITY

Most brides start on Pinterest and collect ideas and inspiration for hair and makeup on an easy to reference mood board. Bring these along to your trial with you and we will start to discuss what styles will work best for you.

It is important to be open minded during your trial and understand not everything on Pinterest is as it seems! Often photos are edited and perhaps more importantly the people in the photos aren't you! What looks nice and works for one person will be very different for someone else. This is ok, and we will work with your inspiration and make sure we reach your desired look, but just a version that works for you. We may also make suggestions that you haven't yet thought of and it's a good opportunity to try out different styles ahead of the big day.

INSPIRATION

We have extensive hair and makeup galleries, links to these will be sent to you in your initial email. But here is a couple of looks we loved.

Bridal hair and makeup does have trends and seasonal changes, but generally looks remain classic and timeless. For us it has always been about creating this look whilst making sure your skin is flawless and the hair and makeup last all day.

Classic, timeless styles are essential when it comes to bridal hair and makeup

WE will also offer you a hair and / or makeup prep trial which is usually best booked as early as you can before the wedding. This is a chance for us to get to know you more and also includes a facial (skin prep) and scalp and hair mask (hair prep). A fundamental part of your hair and skin being the best it can be on the day is the preparation that goes into it on the run up. During these appointments we will make sure you know exactly what you are doing, what to use and when.
